

SANREMO

MACCHINE PER CAFFÈ ESPRESSO

Think
about
it!

MISSION

The art of making coffee is an ancient one, and professional espresso coffee machines belong to a pretty recent part of this story.

Just a little more than a century ago, the passion for raw material applied to technology, physics, chemistry and electronics, led the Italian coffee-pioneers to bring the very first espresso coffee machine to life: discoveries, inventions, patents...an epic adventure that comes to us filled with knowledge and fantastic flavours.

Sanremo, thanks to its dynamic and concrete management, aims to be a part of this fascinating story: together with the best technicians, operators in the coffee business, and baristas from all over the world.

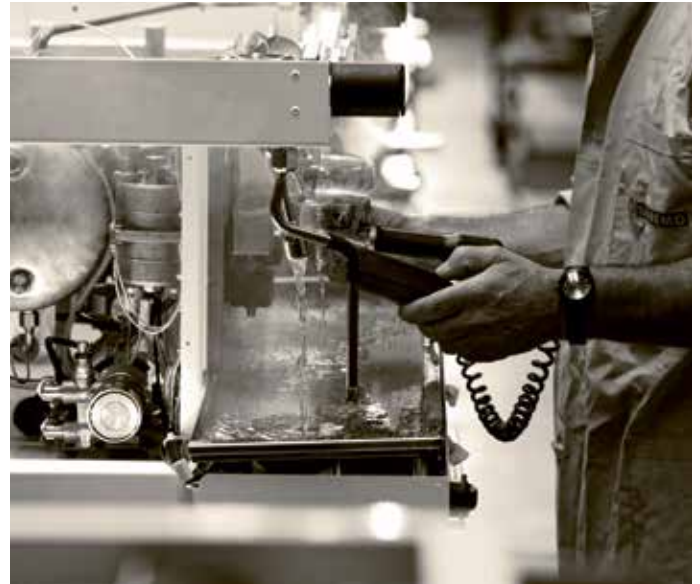

A team of professional coffee lovers, working hard to create the best product for those who keep breathing the essence of coffee every day.

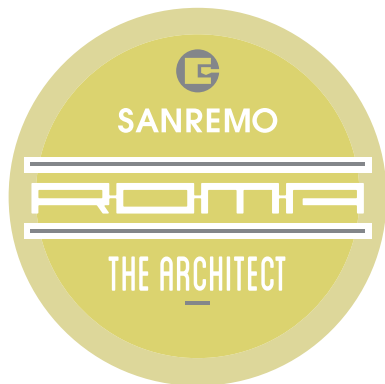

QUALITY

Reliability, high performance and constant innovation: each Sanremo creation is much more than a machine. It is a precise instrument and a result of extensive projects, accurate assessments and rigorous testing, with the constant supervision of a close-knit international team of technicians and coffee experts.

Sanremo coffee machines and accessories are truly precise devices, entirely made according to the best Italian manufacturing tradition, conceived to be timeless and trustworthy allies in daily professional work. The cutting-edge technology is harmonically combined with design, in a perfect fusion of many little details to be grasped and appreciated...coffee after coffee.

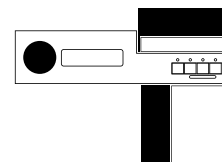

SQUARED AND MINIMAL LINES THAT HOLD THE BEST OF SANREMO TECHNOLOGY: THE MODEL ROMA IS PURE DESIGN AT THE SERVICE OF FUNCTIONALITY, TO ENSURE TOP LEVEL PERFORMANCE.

ASSISTANCE

After a double testing process before every shipment, Sanremo creations are accompanied in their long life by a team of professional technicians, ready to provide effective and direct service to the customer. Just because we believe in communication and knowledge exchange, we offer many training experiences: dedicated spaces inside the company and a specialized staff are at customers disposal to offer a complete educational path.

From the perfect parameter setting of our machines to the best coffee in the cup.

INTERNATIONAL

Year after year, coffee after coffee, we are growing up together with our customers.

Sanremo International structure consists in a solid worldwide network of branches and dealers, aiming to provide constant support and careful attention to the end user by sharing their expertise for an optimal professional use of our creations.

Sanremo, think about it!
